

TEAM Administrator Evaluator Training 2018-19

Welcome to TEAM Training!

- **Name**
- **Name** (card stock name tent)

We encourage you to share this experience on Twitter with
#eval4learning and **#TEAM4TN @TNedu**

Norms

- Keep your focus on students and educators
- Be present and engaged.
 - Limit distractions and sidebar conversations.
 - If urgent matters come up, please step outside.
- Assume positive intentions when communicating with others
- Challenge with respect
- Be solutions-oriented.
 - For the good of the group, look for the possible.
- Risk productive struggle.
 - This is a safe space to get out of your comfort zone.

Today's Learning Objectives

- Describe the Tennessee Educator Acceleration Model (TEAM) and its overarching purpose in Tennessee
- Demonstrate an understanding of evaluation policy
- Make connections within and between rubric domains
- Describe the expectations of leader practice as articulated in the TILS
- Identify evidence sources needed to accurately score indicators
- Examine high-quality, actionable feedback to school leaders

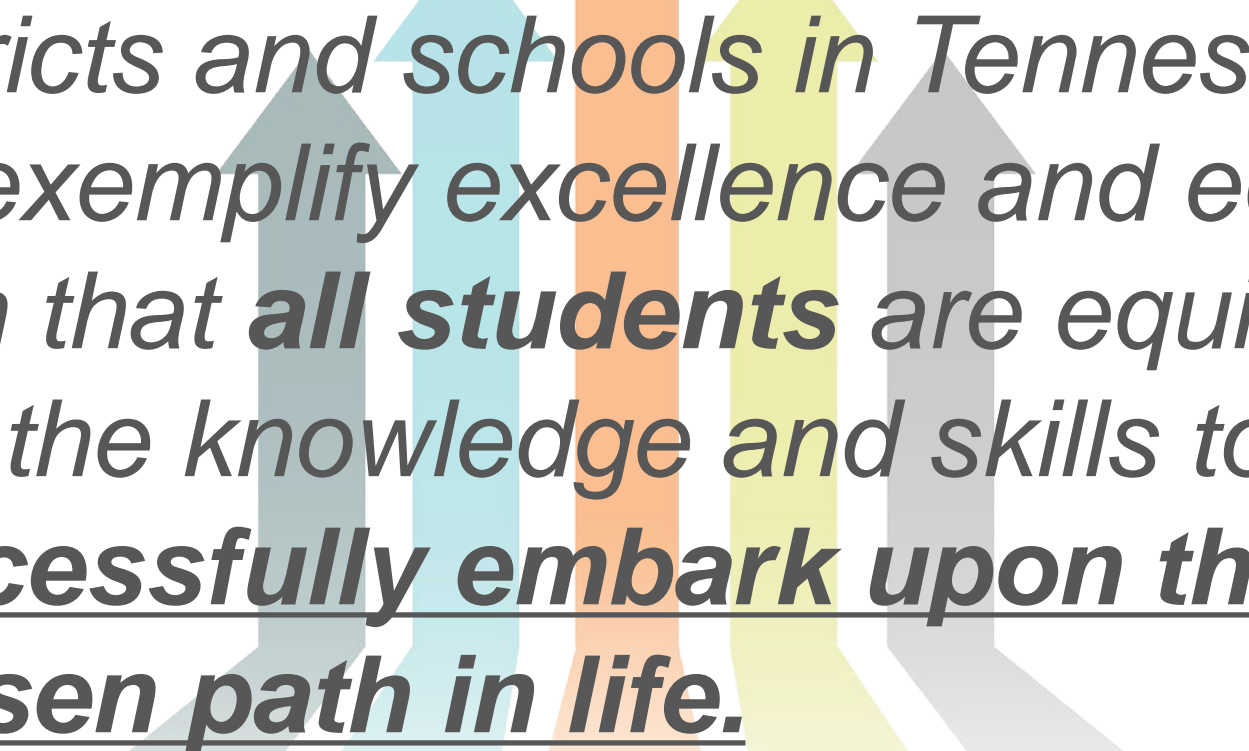

TN

®

Tennessee Succeeds

Tennessee Succeeds: Our Vision

*Districts and schools in Tennessee will exemplify excellence and equity such that **all students** are equipped with the knowledge and skills to successfully embark upon their chosen path in life.*

Tennessee Succeeds: Our Priorities

Early Foundations & Literacy

Building skills in early grades to contribute to future success

High School & Bridge to Postsecondary

Preparing significantly more students for postsecondary completion

All Means All

Providing individualized support and opportunities for all students with a focus on those who are furthest behind

Educator Support

Supporting the preparation and development of an exceptional educator workforce

District Empowerment

Providing districts with the tools and autonomy they need to make the best decisions for students

Leadership Matters

- Amplify learning outcomes

LEADERS HAVE A MULTIPLIER EFFECT

- Attract great teachers

A high-quality principal will hire, develop and support talented teachers...

...and 24 out of 25 teachers say that the number one factor in whether or not they stay at a school is their principal.

Impact of School Leaders

An effective principal accounts for 25 percent of a school's impact on student gains.

25%

Why Do We Evaluate Administrators?

To provide high-quality feedback that deepens skills and improves leader performance, leading to increased student learning.

Accurate
evidence
collection and
scoring

High-quality
feedback

Improved
leader
performance

Increased
student
learning

A Director of School's Perspective

“The administrator evaluation encourages intensive, instructionally focused dialogue between myself and my administrators. It allows me to direct them to be more reflective in their practices. Reflection and the intensity of the practices in the rubric, will result in improved student achievement.”

Shawn Kimble, Superintendent of
Lauderdale County Schools

The logo consists of a red square with the letters 'TN' in white, serif font. Below the square is a thin dark blue horizontal bar.

**TEAM Theory of
Action**

TEAM: Theory of Action

- If TEAM is implemented rigorously, transparently, credibly, and equitably and is utilized as a model for continuous improvement then educators will believe in and utilize TEAM to improve educational outcomes for all.

TEAM: Rigor

- Rigor: quality that leads to **success** is in meeting consistently **high standards**
 - Tennessee Instructional Leadership Standards (TILS): research-based/proven standards of instructional leadership
 - Standard A: instructional leadership for continuous improvement
 - Standard B: culture for teaching and learning
 - Standard C: professional learning & growth
 - Standard D: resources management
 - described at five differentiated levels of performance
 - Includes evidence of student performance

TEAM: Rigor

- Through TEAM, leaders are held accountable for school improvement through multiple measures:
 - School improvement based on the current year's **school-wide TVAAS reporting**
 - School improvement based **on school-wide student achievement** between two or more points in time based on a full year's instructional support
 - School improvement based on **daily leadership practices** observed through the TEAM administrator rubric

TEAM: Transparency

- Transparency: expectations are clear and include descriptions, criteria, and model exemplars.
 - TEAM fosters transparency to ensure that teacher and student performance continually improves through the work of excellent leaders through
 - the descriptors on the rubrics
 - ongoing, deliberate, meaningful, and timely feedback provided by evaluators
 - Feedback is communicated through quantitative and qualitative data

Quantitative Feedback: Indicator Average

2016-17

2017-18

Quantitative Feedback: Misalignment

Table 3a. Misalignment between TVAAS Individual Growth and Average Observation Scores (2016-17)

	Teachers Misaligned by Three or More Levels	Percent Misaligned by Three or More Levels
State	3280	4.00%

Note: Table includes teachers with both individual growth and observation scores.

Table 3b. Misalignment between TVAAS Schoolwide Growth and Average Observation Scores (2016-17)

	Administrators Misaligned by Three or More Levels	Percent Misaligned by Three or More Levels
State	705	22.0%

Note: Table includes administrators (principals and assistant principals) with both schoolwide growth and observation scores.

Observation Reinforcement Breakdown (17 records)

Chart Type:

Pie Chart

Qualitative Reinforcements Currently Identified

- Fostering a safe, respectful, and orderly learning ENVIRONMENT for all. Almost **1/5 of TN leaders** were identified as having a strength in this area.
- Collaborating with educators to **analyze and use multiple forms of DATA** throughout the year to establish specific goals and strategies **targeting student achievement and growth**.
- **RECOGNIZING and CELEBRATING** improved educator and student **performance related to school vision and goals**.

Qualitative Feedback: Reinforcement

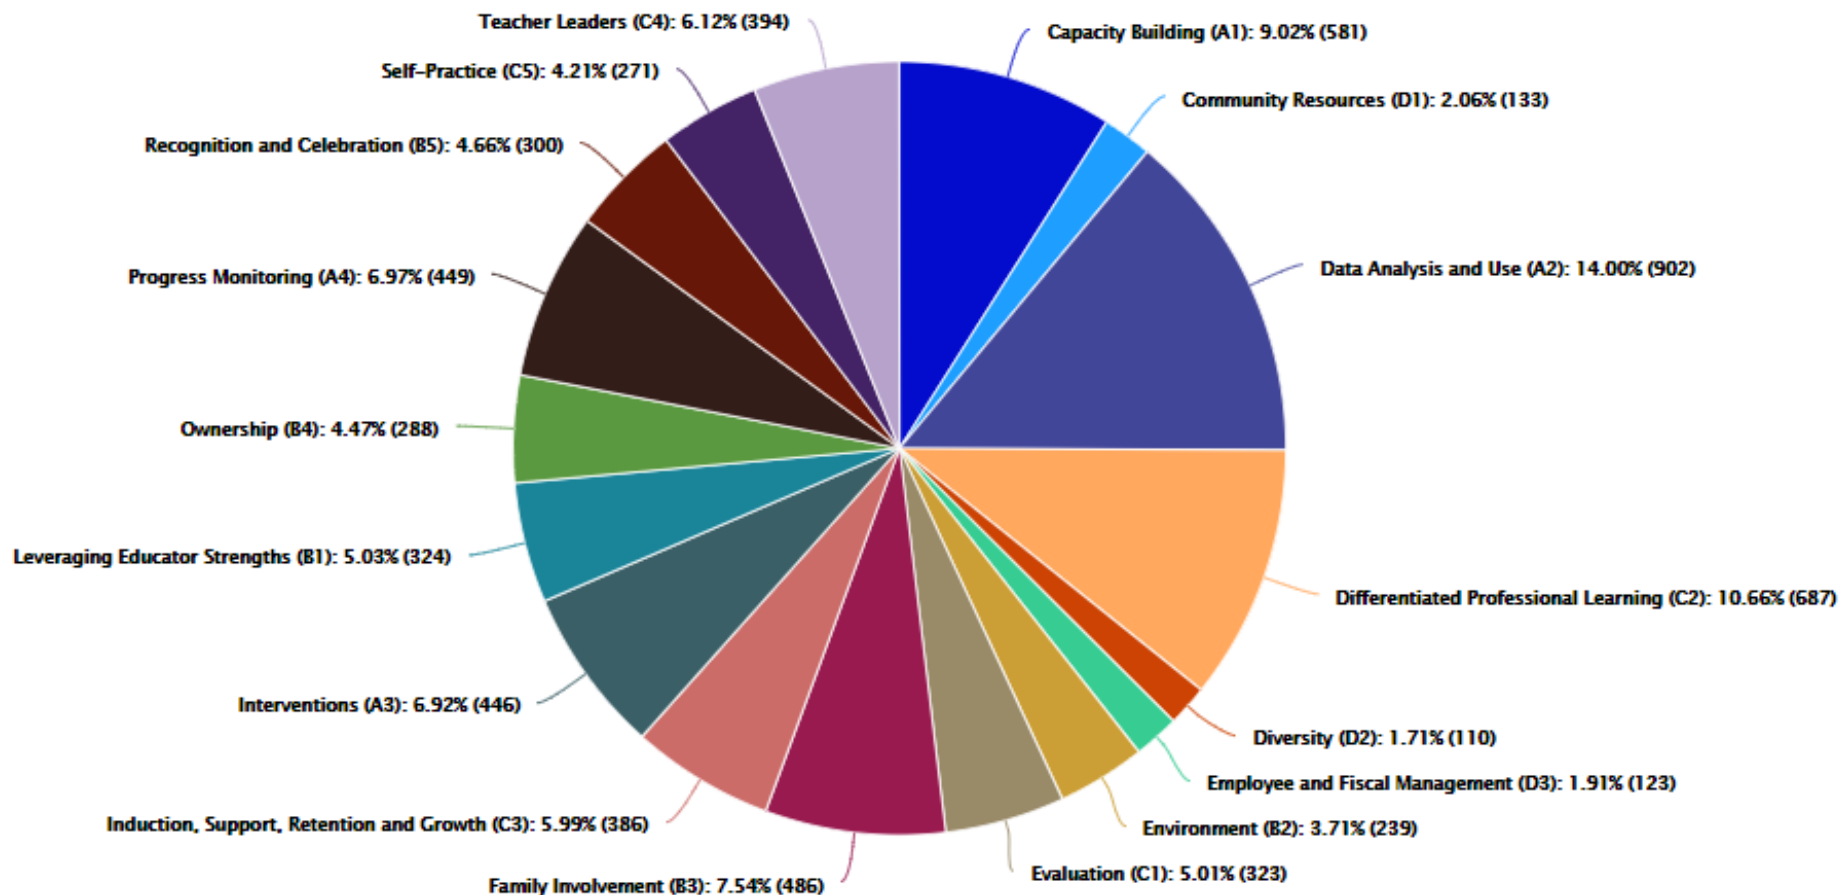

Qualitative Feedback: Refinement

Observation Refinement Breakdown (17 records)

Chart Type:

Pie Chart ▼

Qualitative Refinements Currently Identified

- Collaborating with educators to **analyze and use multiple forms of DATA** throughout the year to establish specific goals and strategies **targeting student achievement and growth.**
- Engaging faculty and self in **data-informed, differentiated professional learning opportunities** for educators, aligned with the Tennessee Standards for Professional Learning
- **Building capacity of educators to provide all students a rigorous curriculum, aligned with Tennessee state standards**

Qualitative Feedback: Refinement

Rigor and Transparency: Meaningful Feedback

What does it mean to conduct rigorous and transparent evaluations of school leadership?

Why is it critical that those who evaluate school leaders do so rigorously and transparently?

TEAM: Credible

- Leaders value evaluation when it is transparent and fosters improvement (rigorous). Leaders value their evaluators when they implement evaluation transparently and rigorously.
- A knowledgeable (credible) evaluator is critical to this process. Evaluators must be highly trained to ensure that the process is both rigorous and transparent.
 - Training, both initially and periodically, is critical.

The logo consists of a red square with the letters 'TN' in white, serif font. Below the red square is a thin blue horizontal bar.

TN

®

The Administrator Evaluation Process

Components of Evaluation: Administrators

- **Qualitative includes:**
 - Evidence collection based on administrator evaluation rubric
- **Quantitative includes:**
 - Growth measure
 - School-wide or system-wide TVAAS
 - Achievement measure
 - Goal set by administrator and evaluator

Components of Evaluation: Administrators

- Qualitative includes:
 - Evidence collection based on administrator evaluation rubric
- Quantitative includes:
 - Growth measure
 - School-wide or system-wide TVAAS
 - Achievement measure
 - Goal set by administrator and evaluator

Components of Administrator Evaluation: Observation of TILS

- Evaluators should intentionally seek specific evidence to accurately score indicators and provide quality feedback.
- Given the wide range of responsibilities administrators have, it is vital to **collect evidence over time** rather than in a single school visit.
- Evidence collection should include:
 - Multiple school visits
 - Multiple sources of evidence that include observation of practices and analysis of outcomes
 - Multiple observers whenever possible

Components of Administrator Evaluation: Observation of TILS

Cycle 1

- August–December
- First round of evidence collection focused on standards **A, B and C**
 - First semester feedback conversation and scoring
- Scores for standards **A, B, and C** submitted into TNCompass following feedback conversation

Components of Administrator Evaluation: Observation of TILS

Cycle 2

- January–May
- Second round of evidence collection focused on Standards **A, B, C, and D**
- Second semester feedback conversation and scoring
- Scores for standards **A, B, C and D** submitted into TNCompass following second feedback conversation

Components of Administrator Evaluation: Scoring Methodology

- Scoring is designed to allow administrators to show growth over the course of a school year.
- Scoring in the first cycle only considers standards A, B, and C of the rubric. First cycle scores make up **one-third** of an administrator's qualitative score.
- Scoring in the second cycle considers all four standards. Second cycle scores make up **two-thirds** of an administrator's qualitative score.

Optional Versus Required Indicators

- Scoring standard D (Resource Management) indicators is **optional** for Assistant Principals based on the structure of responsibilities.
- **Scoring of standards A, B, and C is mandatory for all administrators.**

Local Decisions

- **The use of survey data to inform scoring is required.**
 - Stakeholder surveys, especially that of teachers, are a valuable source of feedback for administrators. The Teacher Perception Survey is one available option, but it is not required. More information is available on the [TEAM website](#).
- **The use of administrator self-reflection is optional.**
 - When used prior to feedback conversations, self-reflections are a great way to jump start reflective feedback conversations.
- **The development of administrator action plans is optional.**
 - Documenting specific, actionable feedback and agreeing to follow up at a specific times can help administrators improve throughout the year.

Key Evaluation Deadlines

Activity	Deadline
Growth and Achievement Selections	October 15
Cycle 1 evidence collection complete with scores submitted	January 15
Cycle 2 evidence collection complete with scores submitted	June 24
Bridge conference complete	Prior to first day of school in 2018-19

Administrator Evaluation Process: Feedback

- The bridge conference consists of two parts:
 - A **summative conference** evaluating qualitative evaluation data **and *student*** outcome data
 - A **formative conference** setting individual growth plans and school goals for the administrator
- Bridge conferences may be combined with other summer meetings such as school improvement planning or goal setting meetings, but should occur ***after student*** outcome data is available.

Break

- Please enjoy a 10 minute break

The logo consists of a red square with the letters 'TN' in white, serif font. Below the red square is a thin blue horizontal bar.

Understanding the Standards (TILS)

- **Standard A: Instructional Leadership for Continuous Improvement**

- An ethical and effective instructional leader facilitates professional practice that continually improves student learning.

- **Standard C: Professional Learning and Growth**

- An ethical and effective instructional leader develops capacity of all educators by designing, facilitating, and participating in collaborative learning informed by multiple sources of data.

- **Standard B: Culture for Teaching and Learning**

- An ethical and effective instructional leader collaborates with stakeholders to create and sustain an inclusive, respectful and safe environment conducive to learning and growth for all.

- **Standard D: Resource Management**

- An ethical and effective instructional leader facilitates the development of a highly effective learning community through processes that enlist diverse stakeholders and resources.

- **Standard A: Instructional Leadership for Continuous Improvement**

- Capacity Building
- Data Analysis & Use
- Interventions
- Progress Monitoring

- **Standard C: Professional Learning and Growth**

- Evaluation
- Differentiated Professional Learning
- Induction, Support, Retention, & Growth
- Teacher Leaders
- Self-Practice

- **Standard B: Culture for Teaching and Learning**

- Leveraging Educator Strengths
- Environment
- Family Involvement
- Ownership
- Recognition & Celebration

- **Standard D: Resource Management**

- Community Resources
- Diversity
- Employee & Fiscal Management

TILS

- At your table, review the TILS draft policy document, as well as the introduction and glossary of terms (p. 14) included with TEAM Administrator Evaluation Rubric document.
 - What key concepts or ideas do you think are important and worth holding on to from the text?
 - Draft a 30 second “in a nutshell” in which you differentiate between the TILS.
 - **Instructional Leadership for Continuous Improvement**
 - **Culture for Teaching and Learning**
 - **Professional Learning and Growth**
 - **Resource Management**

The logo consists of a red square with the letters 'TN' in white, serif font. Below the red square is a thin blue horizontal bar.

TN

®

Understanding the TEAM Administrator Rubric

TEAM Administrator Rubric

- Aligned to **Tennessee Instructional Leadership Standards (TILS)**
- Outlines **skills, knowledge, and responsibilities** that successful leaders should master
- Provides 5 performance levels that allow for growth in practice over time
- Intended to help engage educators in reflective dialogue among and between peers and evaluators to improve practice

**Standard A:
Instructional Leadership
for Continuous
Improvement-Capacity
Building**

Standard A: Instructional Leadership for Continuous Improvement

"Good leadership is not about you. It is about what you leave behind...In the process of improvement, it is almost inevitable that significant barriers will arise. Great leaders learn to build trenches under barriers and find ladders to use to climb over them."

-Joseph Murphy, *Essential Lessons for School Leaders*, 2011

Indicator	5	3	1	Possible Sources of Evidence
A1: Capacity Building Builds capacity of educators to provide all students a rigorous curriculum, aligned with Tennessee-adopted standards	Utilizes shared leadership practices to build capacity of nearly all educators for: <ul style="list-style-type: none"> Developing an accurate understanding of Tennessee-adopted standards and instructional practices Studying, analyzing, and evaluating approved curriculum resources, including texts Maintaining shared accountability when making needed adjustments to deepen classroom rigor Maintaining a system for monitoring student work for rigor and curriculum alignment Implementing on-going strategies and feedback for peers 	Builds capacity among educators for: <ul style="list-style-type: none"> Developing an accurate understanding of Tennessee-adopted standards and instructional practices Demonstrating fidelity to state and district- approved curriculum standards Studying, analyzing, and evaluating approved curriculum resources, including texts Establishing a system for monitoring student work for rigor and curriculum alignment Establishing collective accountability when making needed adjustments to deepen classroom rigor 	Builds limited or no capacity among educators for: <ul style="list-style-type: none"> Developing educator understanding of Tennessee-adopted standards and instructional practices Demonstrating fidelity to state and district- approved standards Studying, analyzing, and evaluating approved curriculum resources Establishing a system for monitoring student work for rigor Establishing collective accountability when making needed adjustments to deepen 	Practice/Observation <ul style="list-style-type: none"> Lesson plans and feedback on the plans Agendas and meeting notes from Professional Learning Communities Course offerings (range of levels and types- Advanced Placement and Dual Enrollment offerings for high schools) Outcomes <ul style="list-style-type: none"> Demonstrated growth on observations Met or exceeded goals for: <ul style="list-style-type: none"> ▶ student achievement ▶ gap closure ▶ college/career readiness

Capacity Building: “Look Fors”

3

Builds capacity among educators for:

- Developing an accurate understanding of Tennessee-adopted standards and instructional practices
- Demonstrating fidelity to state and district- approved curriculum standards
- Studying, analyzing, and evaluating approved curriculum resources, including texts
- Establishing a system for monitoring student work for rigor and curriculum alignment
- Establishing collective accountability when making needed adjustments to deepen classroom rigor

Through multiple sources of data, it is evident that...

- Teachers are improving in their implementation of state standards and the instructional practices that lead to student success in meeting those standards
- Teachers are improving in the alignment of tasks they use to generate student work, as well as their ability to effectively analyze and use student work
- Teachers are improving in their collaboration around rigor in their classrooms

Standard A: Instructional Leadership for Continuous Improvement

Look Fors

Indicator	5 Significantly Above Expectations	3 At Expectations	1 Significantly Below Expectations
A1: Capacity Building Builds capacity of educators to provide all students a rigorous curriculum, aligned with Tennessee-adopted standards	Through multiple data sources it is evident that... Educators in the building are proactively working together to identify ways to strengthen their understanding of standards and instructional practices ...and Educators in the building are proactively working together to ensure that students are engaged in and successfully meeting the appropriate level of rigor of the standards and curriculum ...and Educators in the building are strategically providing ongoing support and feedback to one another.	Through multiple data sources it is evident that... Teachers are improving in their implementation of state standards and the instructional practices that lead to student success in meeting those standards ...and Teachers are improving in the alignment of tasks they use to generate student work, as well as their ability to effectively analyze and use student work ...and Teachers are improving in their collaboration around ensuring classroom rigor	Through multiple data sources it is evident that... Teachers are struggling to implement state standards, curriculum resources, and instructional practices that lead to student success in meeting those standards in the classroom ...and Teachers are struggling to produce student work that demonstrates rigor and/or struggling to use student work to make adjustments

Capacity Building: Where should I “look for” evidence?

- What are the sources of data (quantitative and qualitative) that would indicate that teachers are...
 - improving in their implementation of state standards?
 - improving in their instructional practices?
 - improving in the alignment of classroom tasks with standards?
 - generating student work?
 - analyzing student work?
 - using their analysis of student work to improve?
 - collaborating with colleagues ensure classroom rigor?
- Those are the sources of evidence you should consider when rating this indicator.
- Those are the sources of evidence you should share with school leaders when providing feedback and support.

Standards Analysis Reports

CLASS STANDARDS ANALYSIS SUMMARY REPORT

ALGEBRA II EOC

Total Students Tested in Class: 99

Administrator: LASTNAME, FIRSTNAME - TAGID

Total Number of Items on Test: 99

CITY HIGH SCHOOL

CITY SCHOOLS DISTRICT

This Standards Analysis Class Report provides information on how the students in this class grouping performed on the standards assessed on the test for this content area. The Score Points Possible for Class assumes every student with a valid test score answered every tested item correctly, with each student earning all score points available. The Score Points Earned by Class is the sum of the points for correct answers actually earned by all students. The Percent of Score Points Earned by Class, School, District, or State provides information on the proportion of score points earned versus total points possible. Higher percentages mean that students demonstrated greater understanding of the standard as evidenced by the higher proportion of score points the collectively earned.

Standard C: Professional Learning & Growth- Evaluation

®

Examination Process

- Step 1: Read the standard and description of the indicator.
- Step 2: Read and consider the meaning of the indicator in its entirety at performance level 3.
- Step 3: Differentiate between the performance levels by identifying unique elements in each.

Standard C: Professional Learning & Growth			
Indicator	5	3	1
C1: Evaluation Implements and monitors a rigorous evaluation system using an approved Tennessee evaluation model and uses educator evaluation data to inform, assess, and adjust professional learning goals and plans	In addition to Level 3 descriptors: <ul style="list-style-type: none"> • Builds and sustains a culture focused on continuous improvement, such that educators view the evaluation process as an opportunity for professional learning and growth • Holds self and others accountable for customizing supports for educators • Creates a school-wide plan for professional learning aligned to the school's vision for professional learning and growth • Accurately modifies school or grade-level professional learning goals and plans 	<ul style="list-style-type: none"> • Encourages educators to use the evaluation process for professional learning and growth • Adheres to all evaluation processes, which include: <ul style="list-style-type: none"> ▶ timelines for feedback ▶ follow-up support ▶ finalizing all required observations ▶ conducting summative conferences • Ensures the classroom observation process includes: <ul style="list-style-type: none"> ▶ gathering evidence balancing educator and student actions related to teaching and learning ▶ grounding all evidence coding and scoring to the rubric with accuracy to ensure fidelity of the process ▶ using a preponderance of evidence to evaluate teaching ▶ using the rubric to structure feedback to educators ▶ offering specific, actionable feedback recommendations connected to improving student achievement ▶ facilitating educator implementation of recommended improvement strategies • Uses evaluation data to determine trends and assess educator strengths and growth opportunities 	Limited or no use of: <ul style="list-style-type: none"> • Encouragement for educators to use the evaluation process for professional learning and growth • Adherence to all evaluation processes, which include: <ul style="list-style-type: none"> ▶ timelines for feedback ▶ follow-up support ▶ finalizing all required observations ▶ conducting summative conferences • Sufficient implementation of classroom observation processes: <ul style="list-style-type: none"> ▶ gathering evidence balancing educator and student actions related to teaching and learning ▶ grounding all evidence coding and scoring to the rubric with accuracy to ensure fidelity of the process ▶ using a preponderance of evidence to evaluate teaching ▶ using the rubric to structure feedback to educators ▶ offering specific, actionable feedback recommendations connected to improving student achievement ▶ facilitating educator implementation of recommended improvement strategies • Limited or no use of evaluation data to determine trends and assess educators strengths and growth opportunities]

Examination Process: Reflection

- How is the overall structure of this indicator different from the Capacity Building structure?
- How is the structure of performance level 5 for this indicator different from performance level 5 in Capacity Building?

Standard C: Professional Learning & Growth			
Indicator	5	3	1
C1: Evaluation Implements and monitors a rigorous evaluation system using an approved Tennessee evaluation model and uses educator evaluation data to inform, assess, and adjust professional learning goals and plans	In addition to Level 3 descriptors: <ul style="list-style-type: none"> Builds and sustains a culture focused on continuous improvement, such that educators view the evaluation process as an opportunity for professional learning and growth Holds self and others accountable for customizing supports for educators Creates a school-wide plan for professional learning aligned to the school's vision for professional learning and growth Accurately modifies school or grade-level professional learning goals and plans 	<ul style="list-style-type: none"> Encourages educators to use the evaluation process for professional learning and growth Adheres to all evaluation processes, which include: <ul style="list-style-type: none"> timelines for feedback follow-up support finalizing all required observations conducting summative conferences Ensures the classroom observation process includes: <ul style="list-style-type: none"> gathering evidence balancing educator and student actions related to teaching and learning grounding all evidence coding and scoring to the rubric with accuracy to ensure fidelity of the process using a preponderance of evidence to evaluate teaching using the rubric to structure feedback to educators offering specific, actionable feedback recommendations connected to improving student achievement facilitating educator implementation of recommended improvement strategies Uses evaluation data to determine trends and assess educator strengths and growth opportunities 	Limited or no use of: <ul style="list-style-type: none"> Encouragement for educators to use the evaluation process for professional learning and growth Adherence to all evaluation processes, which include: <ul style="list-style-type: none"> timelines for feedback follow-up support finalizing all required observations conducting summative conferences Sufficient implementation of classroom observation processes: <ul style="list-style-type: none"> gathering evidence balancing educator and student actions related to teaching and learning grounding all evidence coding and scoring to the rubric with accuracy to ensure fidelity of the process using a preponderance of evidence to evaluate teaching using the rubric to structure feedback to educators offering specific, actionable feedback recommendations connected to improving student achievement facilitating educator implementation of recommended improvement strategies Limited or no use of evaluation data to determine trends and assess educators strengths and growth opportunities

C1 Evaluation: Where should I “look for” evidence?

- What are the sources of data (quantitative and qualitative) that would indicate that leaders are...
 - encouraging teachers to use evaluation for professional learning?
 - meeting evaluation timelines for feedback?
 - providing follow-up support?
 - finalizing all required observations?
 - conducting summative conferences?
 - gathering balanced evidence of teaching and learning in observations?
 - scoring accurately?
 - using the rubric to structure feedback?
 - offering specific, actionable feedback recommendations connected to improve student achievement?
 - facilitating the implementation of recommended improvement strategies?
 - using evaluation data to determine trends and assess educators strengths and growth opportunities?

TN Educator Survey

Teacher Evaluation and Instructional Improvement

Please indicate the extent to which you agree or disagree with the following statements regarding the teacher evaluation process used in your school during this school year (2016-2017).

■ Strongly Disagree ■ Disagree ■ Agree ■ Strongly Agree

TN Educator Survey

During the school year (2016-2017), feedback that I received from my evaluator was focused on

0 10% 20% 30% 40% 50% 60%

Focused more on helping me improve my teaching than making a judgment about my performance.

Equally focused on helping me improve my teaching and making a judgment about my performance.

Focused more on making a judgment about my performance than helping me improve my teaching.

0 10% 20% 30% 40% 50% 60%

percentage of respondents

Please indicate the extent to which you agree or disagree with the following statements regarding professional learning.

Strongly Disagree Disagree Agree Strongly Agree

40% 20% 0 20% 40% 60% 80%

a. I receive specific suggestions for professional learning that are tailored to my needs.

b. I receive professional development support that enhances my abilities to implement instructional strategies that meet the diverse needs of student learners.

40% 20% 0 20% 40% 60% 80%

percentage of respondents

TN Educator Survey

Evaluation

At the beginning of the year, did your principal, instructional coach, or another member of your school's leadership team review your evaluation data from last year to give you feedback?

How much action did you take this year as a result of that feedback?

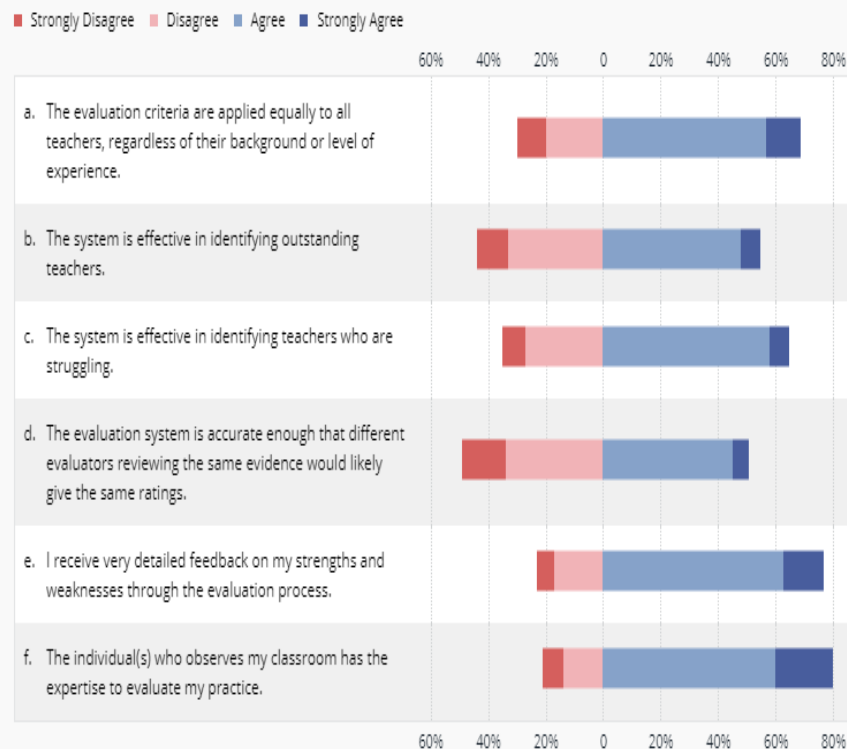

TN Educator Survey

Please indicate the extent to which you agree or disagree with the following statements regarding the impact of the evaluation process on your role.

Please indicate the extent to which you agree or disagree with the following statements regarding the teacher evaluation system in your school district.

TN Educator Survey

Please rate the extent to which your school has provided you with specific types of support for participating in the teacher evaluation system.

■ No Support ■ Some Support ■ Adequate Support ■ Strong Support

C1 Evaluation- “Look Fors”

Standard C: Professional Learning & Growth

Look Fors

Indicator	5 Significantly Above Expectations	3 At Expectations	1 Significantly Below Expectations
C1: Evaluation Implements and monitors a rigorous evaluation system using an approved Tennessee evaluation model and uses educator evaluation data to inform, assess, and adjust professional learning goals and plans			

C1: Evaluation Debrief

- At your table, discuss the following:
 - what you have learned about the expectations for this indicator
 - what you have learned about evidence collection for this indicator
 - what you have learned about how to build your knowledge of other indicators on the rubric

Understanding the Rubric

- At your table, repeat the process and chart your findings for the following indicators:
 - Ownership
 - Evaluation

- Differentiate between performance levels 5, 3, 1.
- Identify the “look fors” for the indicator.
- Identify the potential sources of evidence.

The logo consists of a red square with the letters 'TN' in white, serif font. Below the square is a thin dark blue horizontal bar.

Feedback

Feedback: The Key to Improving

- Evidence-based, high-quality feedback leads to improved leadership practices that, in turn, lead to increased student learning.
- At minimum, include a feedback conversation during each evidence collection cycle.
- Evaluators may elect to hold more than two feedback conversations during the school year.
- Follow-up after feedback conversations on recommended changes in practice.

Selecting Areas of Reinforcement and Refinement

- Choose a performance area that will give you the “biggest bang for your buck” (i.e., areas that have the most impact on student achievement).
- Make sure that identified areas of refinement and reinforcement do not overlap.
 - E.g., do not cite Capacity Building as a refinement **and** reinforcement area.
- Choose areas for which you have **specific and sufficient evidence**.

Identify Examples: Reinforcement

- Identify **specific examples** from your evidence notes for the area of reinforcement. Examples should contain exact quotes and vivid descriptions that evaluators observed and/or data that highlights key outcomes.
- For example, if the area of reinforcement is Interventions, you might highlight the following:
 - “In your faculty meeting on September 23, you set clear expectations for general education and special education teachers to collaborate.”
 - “Your progress monitoring data indicates the literacy gap between special education and general education students has already shrunk 8 percent.”

Identify Examples: Refinement

- Identify specific examples from your evidence notes for the area of refinement. Examples should contain exact quotes and vivid descriptions that evaluators observed and/or data that highlights key outcomes.
- If your area of refinement is Leveraging Educator Strengths, you might highlight the following example:
 - “You stated earlier that you ask for volunteers to serve as grade level chairs. How might setting up specific criteria to select the grade level chairs rather than asking for volunteers for these positions affect the quality of your leadership team?”

Feedback Conversations

■ Introduction

- Include purpose of meeting, note timing in the school year, and ask a general question such as “How do you feel the school year is progressing so far?”

■ Reinforcement (area of relative strength)

- Ask a self-analysis question
- Provide evidence from notes
- To help establish the reinforcement area, you may ask: “Which area of strength, if leveraged, will have the greatest impact on student learning, teacher practice, and/or school improvement?”

■ Refinement (area of relative improvement)

- Ask a self-analysis question
- Provide evidence from notes
- Give a recommendation for future practice or district support
- To help establish the refinement area, you may ask: “Which area of refinement, if leveraged, will have the greatest impact on student learning, teacher practice, and/or school improvement?”

Feedback Conversation

Feedback Conversation

Feedback Conversation

Feedback Conversation

Administrator Feedback Conversations

- Prepare a list of open-ended, reflective questions in advance of the post-conference.
- Begin the feedback conversation by communicating the purpose and goals of the conference.
- Emphasize administrator growth and improvement, not the need “to bring up school scores this year.”
- Use formative and summative data to discuss patterns in leadership practices related to teacher effectiveness and student growth.
- Propose specific strategies, based on identified areas for growth, with clear “look fors” and timelines for regular check-ins.
- Delivering effective and ongoing feedback takes practice.

Developing Coaching Questions

What did you hear?

- Open-ended questions to prompt reflection and dialogue?
- Questions that aligned to language in the rubric?
- Questions that probed for specific evidence of performance outcomes?

Characteristics of a Highly Effective Feedback Conversation

- What characteristics did you notice?
- What role did the evaluator play?
- How did the administrator respond?

Grievances

Grievances

- Statute and policy require districts to implement **local-level grievance procedures** to provide a means for evaluated leaders to challenge **accuracy of the data** used in evaluations and **adherence to evaluation policies**.
- **Observation ratings cannot be challenged.**

Greivances

- Situations in which an educator can file a grievance:
 - **Fidelity** of the TEAM **process**
 - **Accuracy** of the TVAAS or achievement **data**
- Grievances must be filed **no later than 15 days** from date educator receives the results for each component, otherwise grievance considered **untimely and invalid**.
- Access **Guidance for Grievance** document.

The logo consists of a red square containing the white letters 'TN' in a bold, serif font. Below the red square is a thin, dark blue horizontal bar.

The Certification Test

The Certification Test

- Once you **pass** the certification test, you will:
 - Be **notified via email** that you have passed certification
 - Receive an **evaluation credential** in TNCompass.
 - Be given **access to the evaluation process** in TNCompass

The Certification Test

- Within the next **7–10 working days**, you should receive an email with login information for certification test.
- **Be sure your attendance information is complete and correct, especially your official work e-mail address.**
- **Testing window ends Feb. 15.**
 - In the absence of correct information, you will not receive the testing information, and will not be able to take the certification test. If this occurs, you will not be certified to conduct observations in 2018-19.
 - There are **NO** exceptions!
- Contact TDOE.LMS@tn.gov with any problems or questions related to the testing platform.

The Certification Test

- ☐ Once you **pass** the certification test, you will:
 - ∅ Be **notified via email** that you have passed certification
 - ∅ Receive an **evaluation credential** in TNCompass.
 - ∅ Be given **access to the evaluation process** in TNCompass.

TASL

- This training is a TASL-approved event for 7 hours.
- To receive TASL credit, upload the certification email that you receive on Feb. 17 into TNCompass.
- The event name is TEAM Administrator Evaluator Training-January 2019.

Resources

- For more information on TEAM, visit the TEAM website at <http://team-tn.org>
- Be sure to sign up for the weekly TEAM Update when visiting the TEAM website!!
- With policy questions related to TEAM, contact TEAM.Questions@tn.gov.
- With technical questions related to TNCompass, contact support@TNCompass.org.
- With technical questions related to certification, contact TDOE.LMS@tn.gov.

Districts and schools in Tennessee will exemplify excellence and equity such that all students are equipped with the knowledge and skills to successfully embark on their chosen path in life.

Excellence | Optimism | Judgment | Courage | Teamwork
