

## 2017-18 Observation Guidelines

The minimum required number of observations is based on licensure status and evaluation scores from the previous year. All required observations should be entered into TNCompass by June 25, 2018.

### Observing Multiple Domains During One Classroom Visit

Districts may choose to observe the instruction domain during the same classroom visit as either the planning domain or the environment domain.

### Announced vs. Unannounced Visits

At least half of the observations must be unannounced, but it is the district’s discretion to have more than half of the observations unannounced.

Educator Licensure Status <sup>1</sup>	Previous Individual Growth or Level of Overall Effectiveness (LOE)	Minimum Required Observations	Minimum Required Observations per Domain	Minimum Number of Minutes per School Year
<b>Practitioner<sup>2</sup></b>	<b>Levels 1-4</b>	Six observations with a minimum of three domains observed in each semester	3 instruction 2 planning 2 environment	90 minutes
	<b>Level 5</b>	One formal observation covering all domains first semester; two walk-throughs second semester	1 instruction 1 planning 1 environment	60 minutes
<b>Professional</b>	<b>Level 1</b>	Six observations with a minimum of three domains observed in each semester	3 instruction 2 planning 2 environment	90 minutes
	<b>Level 2-4</b>	Four observations with a minimum of two domains observed each semester	2 instruction 1 planning 1 environment	60 minutes
	<b>Level 5</b>	One formal observation covering all domains first semester; two walk-throughs second semester	1 instruction 1 planning 1 environment	60 minutes

<sup>1</sup> See Tennessee State Board Policy 5.201, Teacher and Principal Evaluation Policy, for more information. All SBE policies are located at <http://tn.gov/sbe/topic/policies>

<sup>2</sup> The practitioner status applies to all other non-professional license types such as adjunct, international, and initial licenses, including the apprentice license.
