

Activity 3: Unpacking Pre-K Literacy and Numeracy Standards

Summary of the:

In this activity, you and your team will unpack Literacy Standard W.K.1 to distinguish which student work samples would be emergent, proficient, and advanced levels. Use the provided template to unpack the standard. Mid-way through the activity, you will use a scoring guide to analyze the assessed student work samples.

To recap: as a school district, your team will work together to:

- unpack the standard,
- create criteria for sorting and identifying student performance levels,
- describe types of evidence collections which best capture student learning brainstorm strategies to support learning in process and scaffold skills, and
- discuss any gaps or holes that are present between the standard and the student work samples.
