

2022-23 Achievement Measure Worksheet

The first page of this document should be completed, signed, and kept on file at the local level.

Educator Name	School Name	Position

Section I: To be completed and selected in TNCompass¹ by December 2.

Chosen Achievement Measure	Rationale

Achievement Score	Measurable Criteria to Determine Effectiveness Rating ² (TVAAS Measures do not require criteria.)
1	
2	
3	
4	
5	

Educator signature and date _____

Evaluator signature and date _____

Section II: To be completed prior to summative conference

Achievement Measure Outcome	Final Achievement Score ³

Educator signature and date _____

Evaluator signature and date _____

¹ Achievement measure selections must be entered in TNCompass. This can be done through direct individual entry, or multiple selections may be imported. See instructions and more information on the TEAM website [here](#).

² Data for the selected achievement measure must be quantifiable. For additional guidance on setting achievement criteria, see attached guidance documents (also on the TEAM website [here](#)).

³ Per T.C.A. §49-1-302, educators may use a student growth measure of level three (3), four (4), or five (5) in lieu of the achievement measure if it results in a higher overall evaluation score.

Achievement Measure Selection Guidance

Achievement is a point-in-time measure that evaluates how well students perform against grade-level standards. Because achievement is critical to students' future success, districts should be proactive in providing guidance in selecting achievement measures and setting measurable criteria.

The State Board of Education approves achievement measure options by grade band that can provide student achievement data aligned to the Tennessee Academic Standards. To assist districts with alignment, achievement measure options are limited by grade band in TNCompass. Districts will first select the grade band for educators and then choose the measure from the approved achievement measures for that grade band.

Districts are encouraged to use the achievement measures that align academic achievement goals to their local context and district/school goals. Evaluators should meet with educators early in the school year to identify the measure most closely aligned to their job assignment. Districts have the discretion to limit the measures offered to educators to measures that are available in their school and to establish the criteria. If the educator and evaluator do not agree on a measure, the educator being evaluated shall select the measure.

District leaders can find more information on batch-uploading achievement measures and criteria into TNCompass in the [Growth & Achievement Measure Import Instructions resource](#).

[Chapter 991](#) of the Public Acts of 2022, revised laws regarding educator evaluations. Beginning with the 2022-23 school year, the achievement component weighting has increased to 25% for teachers with individual growth scores, among other changes. The achievement component weighting remains unchanged at 15% for non-tested teachers and administrators. More information about the impact of Chapter 991 of the Public Acts of 2022 is [here](#).

Achievement Measure Categories

TVAAS Composites are a one-year measure based on available tested subjects at the school or system level. TVAAS measures the amount of academic progress students make year to year with a district, school, or teacher. TVAAS Composite measures do not require setting measurable criteria. For more information, refer to the TVAAS technical documentation online [here](#).

The tables below outline what is included in each composite TVAAS measure in 2022-23. The Measure Name aligns with the TVAAS District and School Evaluation Composite files districts receive in the Accountability Data Application.

NOTE: For 2022-23, it will be possible to calculate third-grade TVAAS if the district administered the optional second-grade assessment in 2021-22 and 2022-23.

District and School Evaluation Composites (TCAP, EOC, Early Grades Combined)

Measure Name	Test Subjects Included for 2022-23
Composite	Algebra I, Algebra II, English I, English II, Geometry, Integrated Math I, Integrated Math II, Integrated Math III, U.S. History, Biology, TCAP Math (Grades 4-8), TCAP English Language Arts (Grades 4-8), TCAP Science (Grades 5-8), TCAP Social Studies Grades 6-8, Early Grades Math (Grade 3), Early Grades English Language Arts (Grade 3)
Literacy	English I, English II, TCAP English Language Arts (Grades 4-8), Early Grades English Language Arts (Grade 3)
Numeracy	Algebra I, Algebra II, Geometry, Integrated Math I, Integrated Math II, Integrated Math III, TCAP Math (Grades 4-8), Early Grades Math (Grade 3)
Literacy & Numeracy	Algebra I, Algebra II, English I, English II, Geometry, Integrated Math I, Integrated Math II, Integrated Math III, TCAP Math (grades 4-8), TCAP English Language Arts (Grades 4-8), Early Grades Math (Grade 3), Early Grades English Language Arts (Grade 3)
Science	Biology, TCAP Science (Grades 5-8)
Social Studies	U.S. History, TCAP Social Studies (Grades 6-8)

District and School Evaluation TCAP/EOC Composites

Measure Name	Test Subjects Included for 2022-23
TCAP (4-8)/EOC Composite	Algebra I, Algebra II, English I, English II, Geometry, Integrated Math I, Integrated Math II, Integrated Math III, U.S. History, Biology, TCAP Math (Grades 4-8), TCAP English Language Arts (Grades 4-8), TCAP Science (Grades 5-8), TCAP Social Studies Grades 6-8
TCAP (4-8)/EOC Literacy	English I, English II, TCAP English Language Arts (Grades 4-8),
TCAP (4-8)/EOC Numeracy	Algebra I, Algebra II, Geometry, Integrated Math I, Integrated Math II, Integrated Math III, TCAP Math (Grades 4-8),
TCAP (4-8)/EOC Literacy & Numeracy	Algebra I, Algebra II, English I, English II, Geometry, Integrated Math I, Integrated Math II, Integrated Math III, TCAP Math (grades 4-8), TCAP English Language Arts (Grades 4-8)
TCAP (4-8)/EOC Science	Biology, TCAP Science (Grades 5-8)
TCAP (4-8)/EOC Social Studies	US History, TCAP Social Studies (Grades 6-8)

District and School Evaluation TCAP Composites

Measure Name	Test Subjects Included for 2022-23
TCAP (4-8) Composite	TCAP Math (Grades 4-8), TCAP English Language Arts (Grades 4-8), TCAP Science (Grades 5-8), TCAP Social Studies (Grades 6-8)
TCAP (4-8) Literacy	TCAP English Language Arts (Grades 4-8),
TCAP (4-8) Numeracy	TCAP Math (Grades 4-8),
TCAP (4-8) Literacy & Numeracy	TCAP Math (grades 4-8), TCAP English Language Arts (Grades 4-8)
TCAP (4-8) Science	TCAP Science (Grades 5-8)
TCAP (4-8) Social Studies	TCAP Social Studies (Grades 6-8)

District and School Evaluation EOC, CTE Students, or CTE Concentrator Composites: *Each of the named measures can be selected for EOC for the full school, EOC for CTE students, or EOC for CTE concentrators. CTE students' composites include students who took one or more CTE courses in the current year. CTE concentrators' composites include students who have completed two or more courses in a single CTE program of study.*

Measure Name	Test Subjects Included for 2022-23
EOC Composite CTE Students Composite CTE Concentrator Composite	Algebra I, Algebra II, English I, English II, Geometry, Integrated Math I, Integrated Math II, Integrated Math III, U.S. History, Biology
EOC Literacy CTE Students Composite CTE Concentrator Composite	English I, English II
EOC Numeracy Composite CTE Students Composite CTE Concentrator Composite	Algebra I, Algebra II, Geometry, Integrated Math I, Integrated Math II, Integrated Math III
EOC Literacy & Numeracy Composite CTE Students Literacy & Numeracy Composite CTE Concentrator Literacy & Numeracy Composite	Algebra I, Algebra II, English I, English II, Geometry, Integrated Math I, Integrated Math II, Integrated Math III
EOC Science Composite CTE Students Science Composite CTE Concentrators Science Composite	Biology
EOC Social Studies Composite CTE Students Social Studies Composite CTE Concentrators Social Studies Composite	U.S. History

District and School Evaluation Early Grades (Grade 3) Composites: *For 2022-23, it will be possible to calculate third-grade TVAAS if the district administered the optional second-grade assessment in 2021-22 and 2022-23.*

Measure Name	Test Subjects Included for 2022-23
Early Grades (Grade 3) Composite	Early Grades Math (Grade 3), Early Grades English Language Arts (Grade 3)
Early Grades (Grade 3) Literacy	Early Grades English Language Arts (Grade 3)
Early Grades (Grade 3) Numeracy	Early Grades Math (Grade 3)
Early Grades (Grade 3) Literacy & Numeracy	Early Grades English Language Arts (Grade 3), Early Grades Math (Grade 3)

State assessments, or the Tennessee Comprehensive Assessment Program (TCAP), include assessments in math, English language arts, social studies, and science. They also include alternate assessments, like the MSAA and TCAP-Alt, for students with special needs. These assessments measure mastery of the Tennessee Academic Standards. More information about state assessments is available [here](#).

Off-the-shelf assessments are intended to provide a measure of achievement for teachers in non-tested grades and subjects for evaluation purposes. As with all achievement measures, the goal is to utilize assessments that measure the full breadth and rigor of the academic standards for the grade/content area.

Graduation rate is an appropriate measure for high school educators. The absolute performance pathway measures the percent of students in a graduation cohort who graduated within four years and one summer. The annual measurable objectives (AMO) target pathway is a target to increase the percent of students who graduate within four years and a summer.

ACT/SAT suite of assessments are required postsecondary readiness assessments and are used to prepare students with knowledge and skills valued by both employers and postsecondary educators. ACT/SAT composites are factored into school and district accountability measures as a *Ready Graduate* indicator as part of the Every Student Succeeds Act (ESSA). More information is available [here](#).

Early postsecondary exams provide the opportunity for students to earn postsecondary credit while in high school. Early postsecondary opportunities (EPSOs) are factored into school and district accountability measures (*Ready Graduate* indicator) included in the Every Student Succeeds Act (ESSA). More information on EPSOs is available [here](#).

Industry certifications are earned through secondary and postsecondary career and technical education programs and courses. They are part of nationally recognized career clusters that the department promotes and are appropriate for educators teaching courses in the related programs of study. Industry certifications are factored into school and district accountability measures (*Ready Graduate* indicator) included in the Every Student Succeeds Act (ESSA). More information on industry certification is available [here](#).

Setting Achievement Measure Criteria

The process for setting achievement measure criteria is a local level decision. Administrators and teachers should discuss these targets to ensure that they are specific, measurable, and attainable within one year. TVAAS measures do not require criteria. As a reminder, level 3 should be “At Expectations” for one year of performance. Resources for scale setting may be found on the [TEAM website](#). Examples below.

Example 1 – Criteria using graduation rate:

Score	Description	Equation
1	Graduation rate decreased by more than 3 points	Grad rate diff < -3
2	Graduation rate decreased by more than 1 point and less than 3 points.	-3 <= grade rate diff < -1
3	Graduation rate increased by no more than 1 point or decreased by no more than 1 point.	-1 <= grade rate diff <= 1
4	Graduation rate increased by more than 1 point and no more than 3 points.	1 < grad rate diff <= 3
5	Graduation rate increased by more than 3 points.	Grad rate diff > 3

Annual measurable objectives (AMOs) are yearly targets for improving performance based on prior-year results. Available on the Accountability Application at the school and district level, these targets are based on the expectation that the percentage of students not meeting the standard is to decrease by half in eight years. AMO targets are rounded to one decimal place. Double AMO targets are based on the expectation that the percentage of students not meeting the standard is to decrease by half in four years. A district can request subject and grade level AMOs by contacting TNEducation@tn.gov.

Example 2- Criteria when scaling around success rates using AMO targets:

Score	Description
1	Regressed or no change
2	Improved but didn't hit the target
3	Target met with the confidence interval
4	AMO target reached
5	Double AMO target reached

Achievement Measure Mediation

According to T.C.A. § 49-1-302, an educator being evaluated must mutually agree with the evaluator on which achievement measure is employed as part of the level of overall effectiveness (LOE). This measure must be aligned as closely as possible to the teaching assignment of individual teachers and the duty assignments of each individual administrator. In cases where there is a disagreement, the educator being evaluated chooses the evaluation measures; however, the department will verify alignment.

Additional guidance around the achievement measure selection process can be found on the [TEAM website](#).

This document supports teacher evaluation and is not designed as guidance for system and school accountability.

2022-23 Approved Achievement Measures

Elementary and Middle School Teachers (pre-K-8)			
State Assessments: Classroom, Grade, or School-level
