2022-23 Student Growth Portfolio Lead

Monthly Office Hour

May 11, 2023

BEST FOR ALL

We will set all students on a path to success.

ACADEMICS

ALL TENNESSEE STUDENTS WILL HAVE ACCESS TO A HIGH-QUALITY EDUCATION, NO MATTER WHERE THEY LIVE

STUDENT READINESS

TENNESSEE PUBLIC SCHOOLS WILL BE EQUIPPED TO SERVE THE ACADEMIC AND NON-ACADEMIC NEEDS OF ALL STUDENTS IN THEIR CAREER PATHWAYS

EDUCATORS

TENNESSEE WILL SET A NEW PATH FOR THE EDUCATION PROFESSION AND BE THE TOP STATE IN WHICH TO BECOME AND REMAIN A TEACHER AND LEADER FOR ALL

Agenda

In this meeting, we will discuss
- Portfolio Score Calculations
- Portfolio Score reports
- Next Steps
- Support

Portfolio Score Calculations

See page 9-10 of the [TEAM Portfolio Guidebook](#)

After the submission deadline, collections are scored by certified peer reviewers.

Peer review begins May 30 and ends on June 16.

Portfolio Score Calculations

Peer reviewers determine the performance level of each student work artifact using the same scoring rubric at points A and B that teachers use to self score in a collection.

A collection's growth score is calculated by finding the difference between point A and point B scores for each student work sample in the collection (e.g., emerging, proficient, and advanced differentiated groups) and determining an average level of student growth for that collection.

The average level of student growth for the evidence collection is then applied to the scaled Student Growth Indicator values to determine the evidence collection score.

Portfolio Score Calculations

Student Growth Indicator Chart

Level 5 **Significantly Above Expectations**	Students demonstrate, on average, three or more levels of student growth (= or >3 levels of growth).
Level 4 **Above Expectations**	Students demonstrate, on average, two levels of student growth, but less than three levels of student growth (=2 levels of growth, but < 3 levels of growth).
Level 3 **At Expectations**	Students demonstrate, on average, one, but less than two levels of student growth (=1 level of growth but <2 levels of growth).
Level 2 **Below Expectations**	Students demonstrate, on average, less than one level of student growth (>0 levels of growth but <1 level of growth).
Level 1 **Significantly Below Expectations**	Students demonstrated, on average, no growth or negative growth.

Portfolio Score Calculations

1st reviewer
- If the teacher's self-score and peer reviewer's score are in consensus, review complete.
- If a discrepancy of more than one performance level exists between the teacher's score and peer reviewer score for the average of a collection, a second peer reviewer scores the collection.

2nd reviewer
- If the 2nd peer reviewer's is in consensus with **either** the teacher's self score or the 1st peer reviewer's score, the score in consensus stands.
- If not, collection goes to an expert reviewer.

Expert reviewer
- If there is no consensus of scores between the teacher, the first peer reviewer, or the second peer reviewer, then an expert reviewer conducts the final scoring.

Portfolio Score Calculations

The teacher effectiveness indicator, or the overall portfolio score, is calculated by averaging the four evidence collection growth scores and then applying the average to the scaled value of levels 1-5. This becomes the educator's growth score that serves as 35 percent of the LOE.

Portfolio Score Calculations

Teacher Effectiveness Indicator	Student Growth Indicator Scores
Level 1	1.00 – 1.79
Level 2	1.80 – 2.59
Level 3	2.60 – 3.39
Level 4	3.40 – 4.19
Level 5	4.20 – 5.00

Portfolio Score Calculations
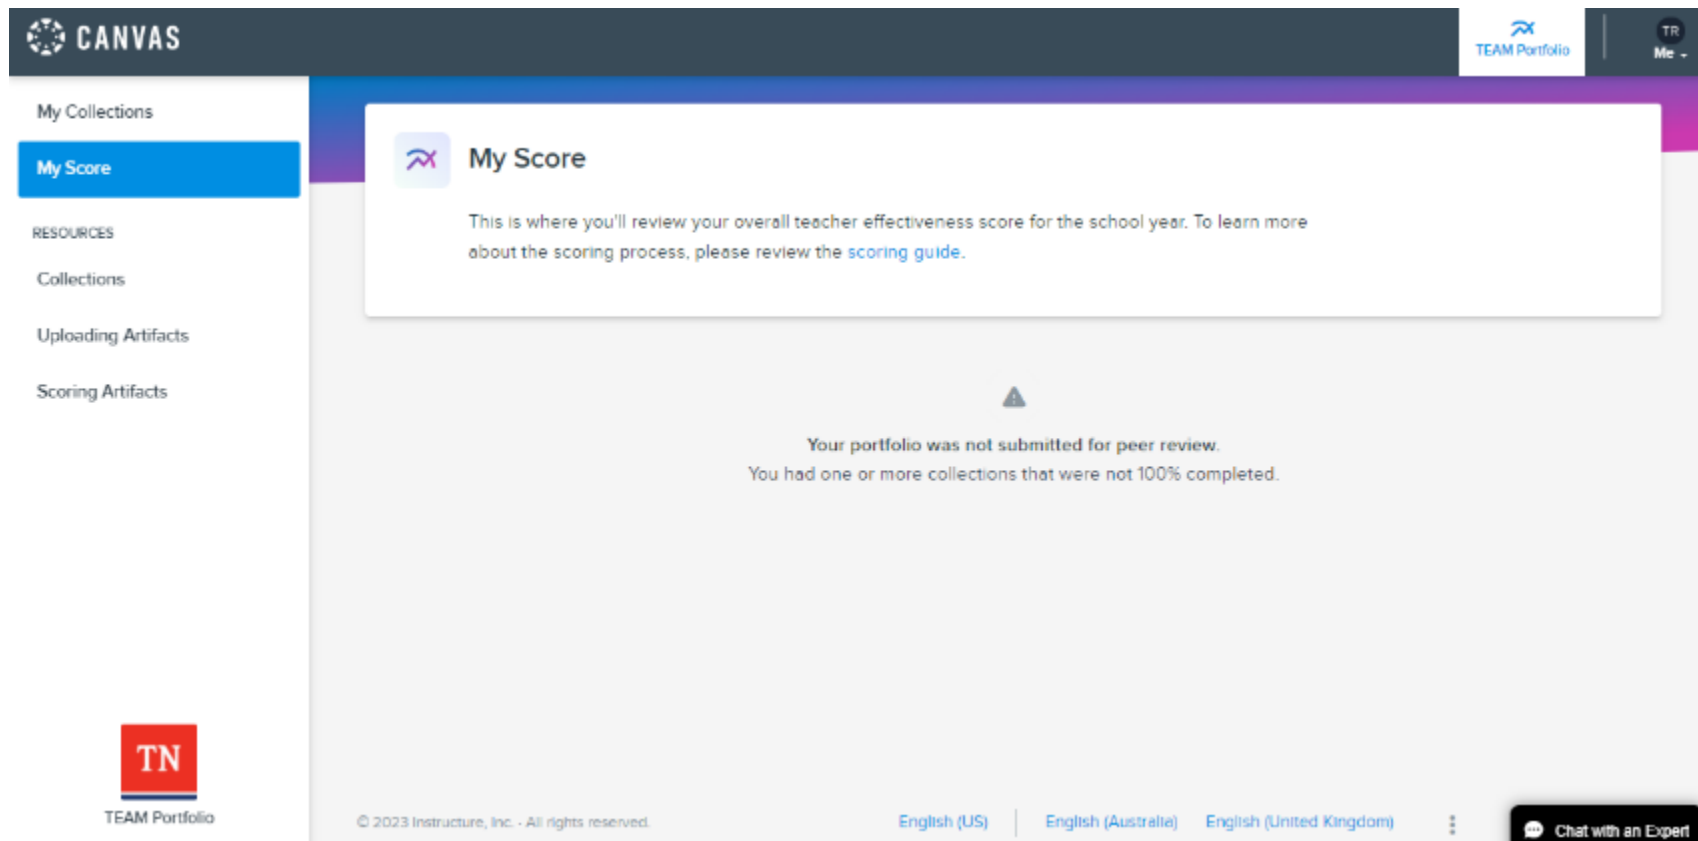

Teachers see their portfolio score in Portfolium on July 10th.

Portfolio Score Calculations

Teachers that did not complete their portfolio will see this screen in Portfolium on July 10th. They will receive an Incomplete for their portfolio score in TNCompass and will not generate a LOE.

Next Steps

- Notify all incomplete teachers of their status.
- On July 3rd, check teachers' scores in Portfolium. Email Portfolio.Questions@tn.gov if you see any errors or have questions.
- Inform teachers that can view their portfolio score in Portfolium on July 10th.
- Review reports in Portfolium and be prepared to support teachers if they have questions about their score.

Support

- Email questions to Portfolio.Questions@tn.gov

- [TEAM Portfolio Guidebook for Administrators and Teachers](#): This document provides general information about TEAM student growth portfolios. The intended audience for this document includes teachers, principals, district personnel, and any other individuals seeking more information regarding TEAM portfolios. It is critical that all educators who submit a portfolio read and utilize this document, their content specific resource guide, and content-specific scoring rubrics.

- [Portfolio Lead Monthly Office Hour](#): To support district and charter portfolio leads, the department will host monthly office hours to walk you through implementation processes, resources, the platform and provide you with a network of other portfolio leads.

Thank You!
