Agenda

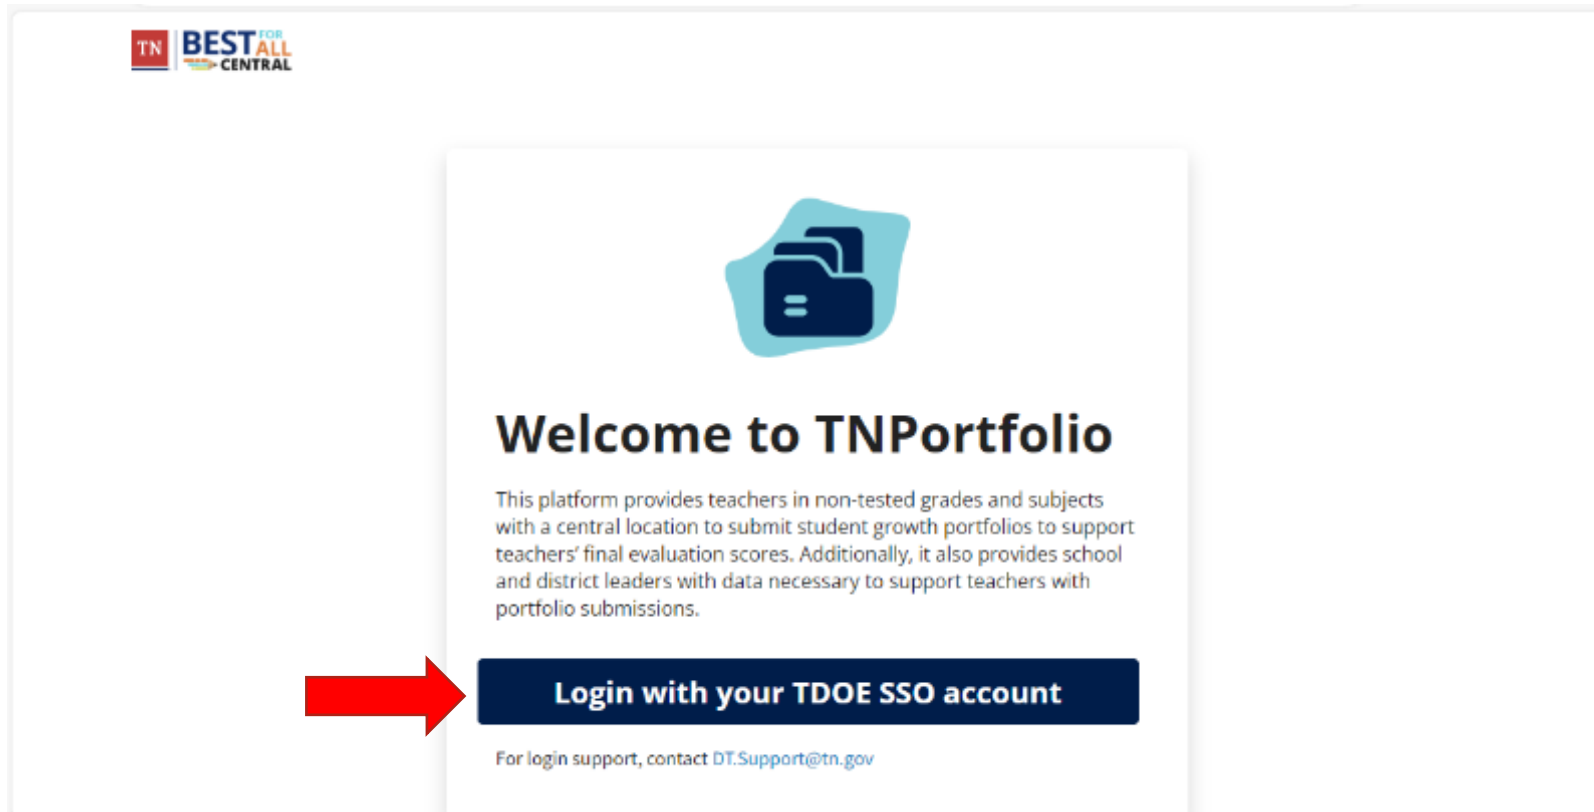

In this meeting, we will discuss

- District Administrator Access in TNPortfolio
- Resources
- Next Steps
- Support

District Administrator Access in TNPortfolio

Portfolio leads will have access to log in to [TNPortfolio](#) on Friday, August 16, 2024.

TN BEST FOR ALL CENTRAL

Welcome to TNPortfolio

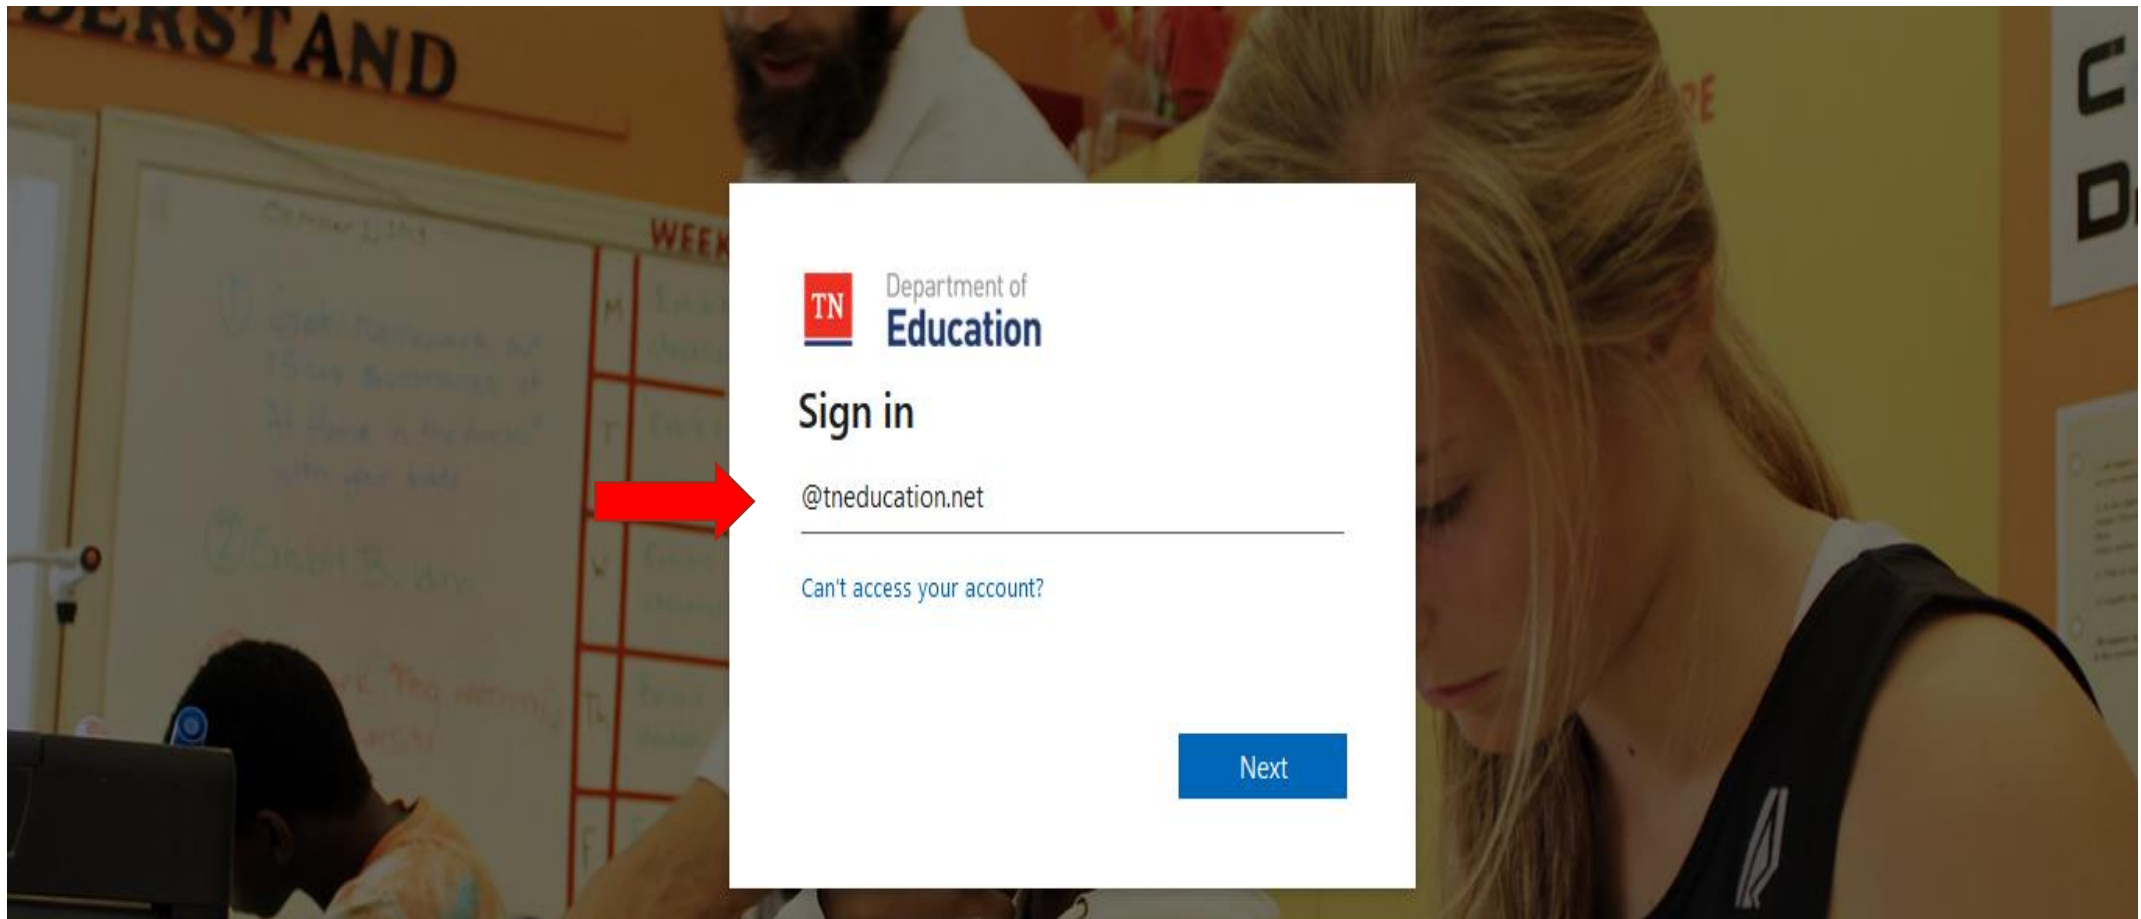

This platform provides teachers in non-tested grades and subjects with a central location to submit student growth portfolios to support teachers' final evaluation scores. Additionally, it also provides school and district leaders with data necessary to support teachers with portfolio submissions.

Login with your TDOE SSO account

For login support, contact DT.Support@tn.gov

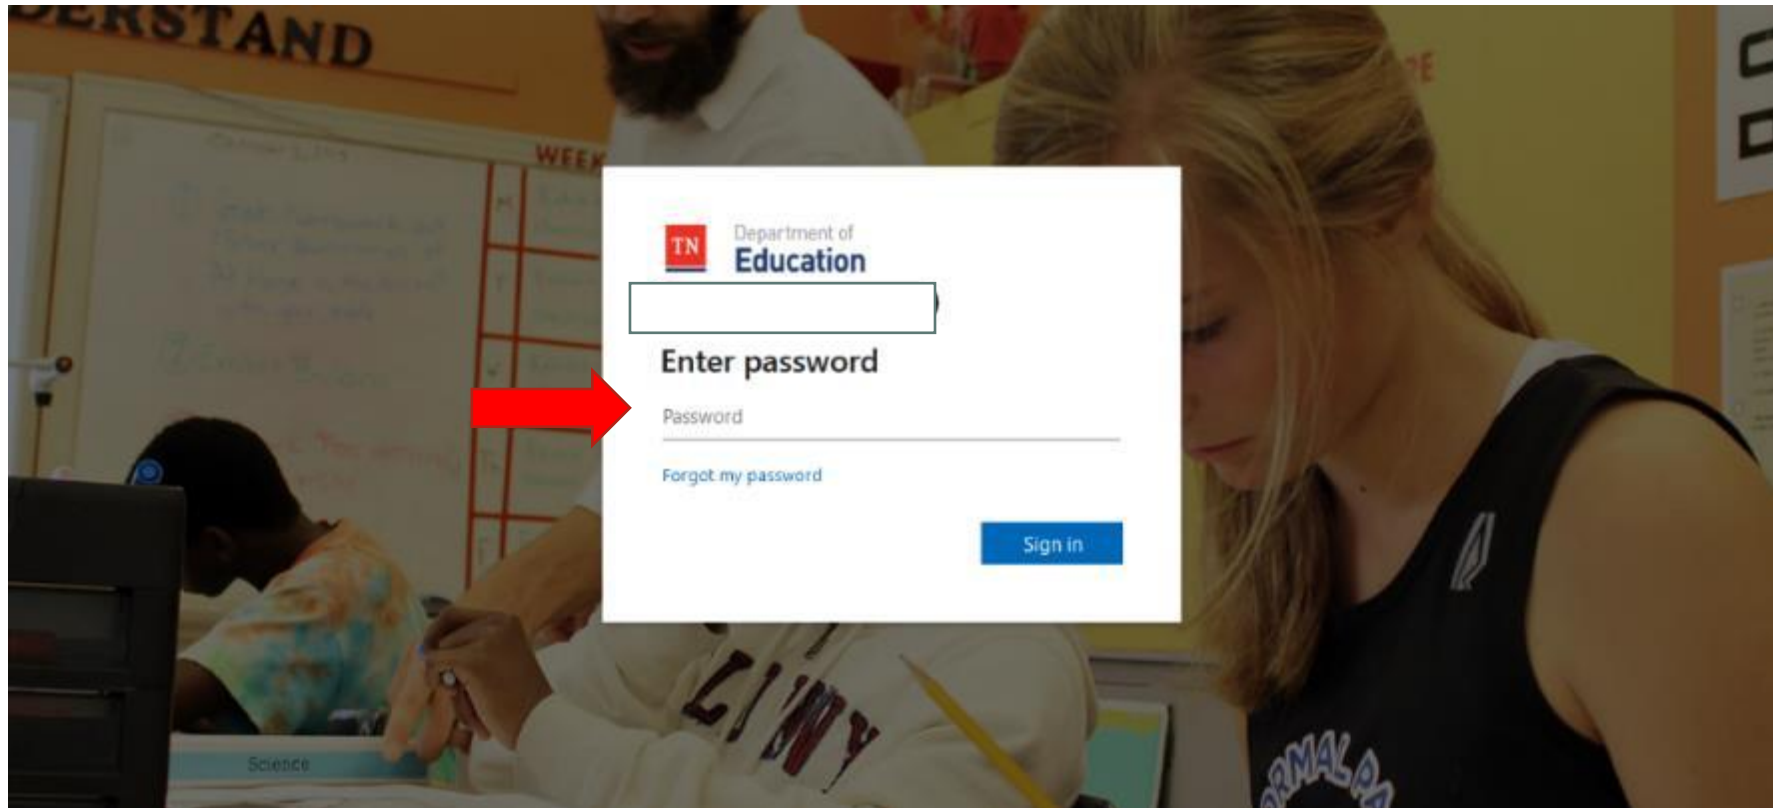

District Administrator Access in TNPortfolio

Each month we will provide training on the tabs as we progress through the portfolio process and data is available.

Resources

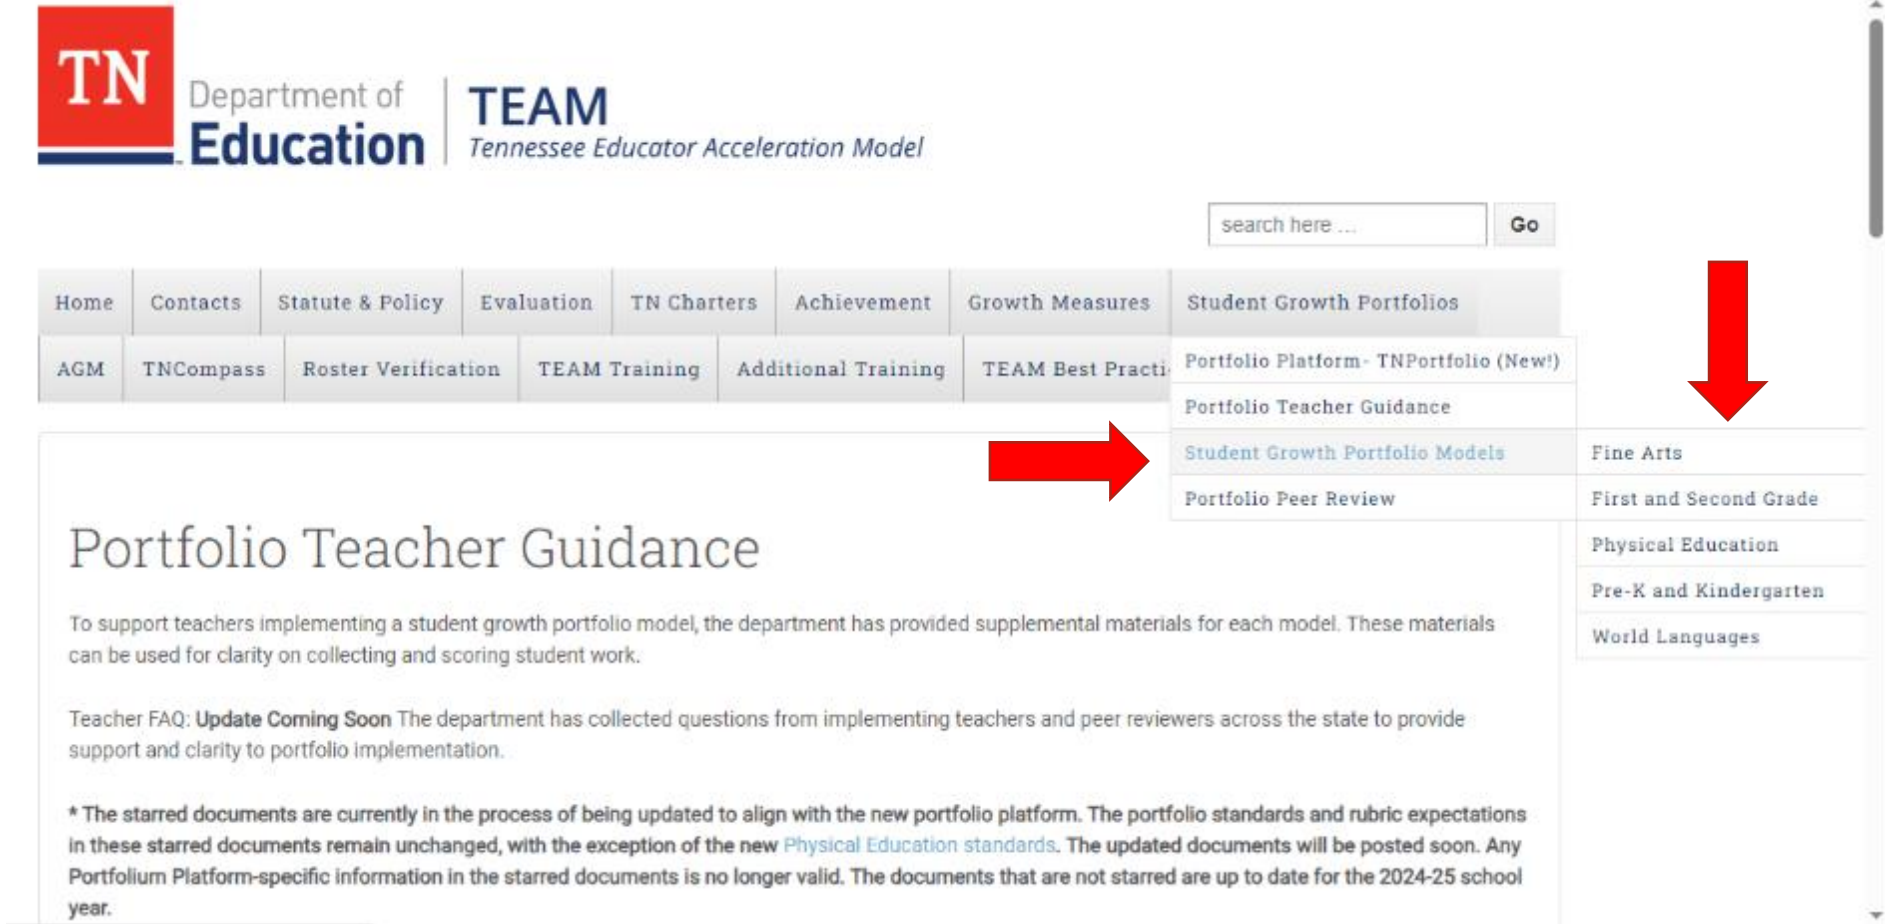

[TEAM-TN | A Tennessee Department of Education Website](#)

The screenshot displays the Tennessee Department of Education website. At the top left is the logo for the Tennessee Department of Education, featuring a red square with 'TN' in white, followed by the text 'Department of Education'. To the right of this is the 'TEAM' logo, which includes the text 'TEAM' and 'Tennessee Educator Acceleration Model' below it. A search bar with the placeholder text 'search here' and a 'Go' button is located to the right of the logos. Below the search bar is a horizontal navigation menu with the following items: Home, Contacts, Statute & Policy, Evaluation, TN Charters, Achievement, Growth Measures, and Student Growth Portfolios. A red arrow points from the 'Growth Measures' item to a dropdown menu that is open, showing the following options: Portfolio Platform- TNPortfolio (New!), Portfolio Teacher Guidance, Student Growth Portfolio Models, and Portfolio Peer Review. Below the navigation menu is a section titled 'About TEAM'. The text in this section reads: 'The Tennessee Educator Acceleration Model (TEAM) is about principals and teachers working together to ensure the best possible instruction every day. Through frequent observation, constructive feedback, student data, and professional development, TEAM is designed to support all educators in doing their best work to help every student learn and grow.' To the right of the text is a photograph of a teacher sitting on the floor and talking to a group of young children in a classroom.

Portfolio Teacher Guidance

To support teachers implementing a student growth portfolio model, the department has provided supplemental materials for each model. These materials can be used for clarity on collecting and scoring student work.

Teacher FAQ: **Update Coming Soon** The department has collected questions from implementing teachers and peer reviewers across the state to provide support and clarity to portfolio implementation.

* The starred documents are currently in the process of being updated to align with the new portfolio platform. The portfolio standards and rubric expectations in these starred documents remain unchanged, with the exception of the new [Physical Education standards](#). The updated documents will be posted soon. Any Portfolium Platform-specific information in the starred documents is no longer valid. The documents that are not starred are up to date for the 2024-25 school year.

Portfolio Platform- TNPortfolio (New!)

We are thrilled to unveil TNPortfolio, a new streamlined platform designed for non-lead teachers to implement student growth portfolios to receive an individual growth score. Beginning in the fall of 2024, this innovative platform will merge seamlessly with eSOS, providing educators with the tools they need to accurately measure and showcase the progress of their students.

Key Features of TNPortfolio:

- User-friendly interface that simplifies the portfolio submission process, saving valuable time for educators.
- Customized portfolio frameworks tailored to different portfolio models, ensuring educators can align student work submission with specific evidence requirements within their various collections.
- Robust data reporting capabilities that empower educators, leads, and administrators to gain actionable insights into student growth within each collection, so they may facilitate informed decision-making about future instructional strategies.

More information and guidance will be provided to portfolio leads during their monthly office hour in August. If you have any questions, please reach out to Portfolio.Questions@tn.gov.

Platform Access	<ul style="list-style-type: none">• Portfolio Roster Guidance for Leads: (coming soon) Before teachers receive access to TNPortfolio, the TEAM portfolio management platform, teacher roster information must be provided to the department. This guidance provides instructions on how to create, edit, and submit a roster. Once the roster information has been quality checked and uploaded to the platform, teachers will receive access to their platform accounts.• TNPortfolio Log in Page: Use this link to access the TNPortfolio log in page.• SOS (single sign-on) system: It is imperative that all district portfolio leads and teachers involved in this implementation have State SOS accounts and their staff information is up-to-date. Because the growth score is part of the level of overall effectiveness score (LOS), it is key that each educator involved is using accurate login credentials.<ul style="list-style-type: none">• Please check with your implementing portfolio teachers to ensure that all know their education.net account information. If you have portfolio teachers that need to be setup in the State's SOS system, please contact your SOS Coordinator to enter them in your district SOS and make sure they send the staff extracts to SOS. For more information about SOS access please visit the TN.gov website.
District/Charter Portfolio Leads	<ul style="list-style-type: none">• TNPortfolio District Administrator Manual (link coming soon)• Portfolio Lead access instructional video (link coming soon)

Next Steps

- Go to [Welcome to Portfolio | TeachALL \(tnedu.gov\)](https://www.tn.edu/teachall)
- Log in with your SSO account
- Meet with your portfolio teachers and make sure they know they are implementing a portfolio.
- Share [Portfolio resources](#) available on the TEAM website with portfolio teachers.
- Work with portfolio teachers to begin collecting their Point A assessments.
- Work with your district EIS coordinator and make sure all portfolio teachers have accurate credentials for their SSO accounts.
- If a teacher does not have a SSO account, district EIS coordinators need to submit staff information to the helpdesk and TDOE can process a new account. EIS coordinators are aware of the process.

Next Steps

- Teacher rostering guidance will be available on the TEAM website in September.
- At the September office hour, we will review how to complete and submit your teacher roster.
- Teachers will not have access to the platform until rostering is complete.
- Teacher rosters will be due to Portfolio.Questions@tn.gov on September 27, 2024.
